DOES THIS CHANGE IMPACT RAZORGRANT, HOW I WORK WITH RSSP OR AFFILIATES?

▸ No, the Grants.gov platform change does not change any of the RazorGrant processes. Routing and approval in RazorGrant must be complete before proposals can be submitted in Workspace.

▸ No, you will still work with the RSSP office and your Grants Specialist as you always have.

▸ No, continue to use the same processes to give affiliates UA access. Once set up as an UA affiliate, they can register in Grants.gov using the UA DUNS number.
