

IACUC: UPDATING THE THREE R'S TAB

The Three R's tab contains two panels, **The Three R's** and **Alternatives Search**.

1) The Three R's panel is fairly straightforward. Respond to each prompt using the text box to the right of it.

2) For the Alternatives Search panel, begin by entering the date of your search. You can type it in the box using MM/DD/YYYY format or use the calendar button to pull up a calendar selection.

- 3) Select a database from the **Available** list and click the > button to add it to the selected list for each database used in your search.

Alternatives Searches ?

* **Date :** 

* **Database(s) :**

Available		Selected
<ul style="list-style-type: none"> ARIA PubMed Google Scholar ALTBIB 	<div style="border: 1px dashed blue; padding: 2px; display: inline-block;"> > < </div>	<input type="text"/>
	Other: <input type="text"/>	<input type="button" value="Add"/>

Alternatives Searches ?

* **Date :** 

* **Database(s) :**

Available		Selected
<ul style="list-style-type: none"> PubMed Google Scholar ALTBIB CAAT 	<div style="border: 1px solid black; padding: 2px; display: inline-block;"> > < </div>	<ul style="list-style-type: none"> ARIA
	Other: <input type="text"/>	<input type="button" value="Add"/>

*Note: To remove a database from the **Selected** list, click on the database name and click on the < button.*

You can also add an additional database not found in the Available list by typing the database name in the textbox to the right of "Other:" and clicking the **Add** button.

- 4) Enter in the required information for the **Years**, **Keywords**, and **Describe Search Results** fields and click the **Add** button under the Action column on the far right of the panel to add your search. You should have something like the image below.

▼ **Alternatives Search**

Identify the database, dates searched, keywords used, and a brief summary of findings demonstrating that a literature search has been performed to determine that this research does not unnecessarily duplicate previous experiments, and that appropriate alternative research methods are not available for any proposed procedures that are Level 3 or higher.

For teaching and breeding protocols, enter today's date for the date, add "N/A" as the other database option, and type "N/A" in the Years, Keywords, and Describe Search Results fields.

Alternatives Searches
